

Converting Test/Quiz to Assessment: Question-Level Settings Comparison Sheet

Multiple Choice

Test/Quiz	Assessment	Notes
Question Stimulus	Question Stimulus	A question on a converted assessment has the same question stimulus, embedded images and rich text content as the source test/quiz question.
Audio/Video recording attached to Stimulus	N/A	Audio or video attachments recorded in Schoology do not transfer to a converted assessment at this time.
Question Choices	Question Response Options	A question on a converted assessment has the same question response options, embedded images and rich text content as the source test/quiz question.
Automatic Student Feedback	N/A	Automatic feedback on question responses are not transferred to a converted assessment.
Randomize Choices	Shuffle Options	A question on a converted assessment has the same setting to shuffle response options as the source test/quiz question.
Allow Partial Credit	N/A	The setting for partial credit is not transferred to a converted assessment. If you would like students to be given partial credit, you can set this up manually using alternate tabs in the Correct Answer Setup of the question on the converted assessment.
Timed Question	N/A	Individual questions on a converted assessment are not timed, regardless of the setting of the source test/quiz question.
Points	Points	A question on a converted assessment has the same possible point value as the source test/quiz question.
Learning Objectives	Learning Objectives	A question on a converted assessment has the same aligned learning objectives as the source test/quiz question.

True/False

Test/Quiz	Assessment	Notes
Question Stimulus	Question Stimulus	A question on a converted assessment has the same question stimulus, embedded images and rich text content as the source test/quiz question.
Audio/Video recording attached to Stimulus	N/A	Audio or video attachments recorded in Schoology do not transfer to a converted assessment at this time.
Question Responses	Question Response Options	A question on a converted assessment has the same question response options, embedded images and rich text content as the source test/quiz question.
Automatic Student Feedback	N/A	Automatic feedback on question responses are not transferred to a converted assessment at this time.
Require a correction if false	Require correction if false	A question on a converted assessment does “require a correction if false” if the source test/quiz question also requires a correction.
Subjective Question	N/A	True/false questions on assessments do not have a separate setting to make them subjective. A true/false question is subjective if the setting to “require correction if false” is enabled.
Timed Question	N/A	Individual questions on a converted assessment are not timed, regardless of the setting of the source test/quiz question.
Points	Points	A question on a converted assessment has the same possible point value as the source test/quiz question.
Learning Objectives	Learning Objectives	A question on a converted assessment has the same aligned learning objectives as the source test/quiz question.

Matching

Test/Quiz	Assessment	Notes
Question Stimulus	Question Stimulus	A question on a converted assessment has the same question stimulus, embedded images and rich text content as the source test/quiz question.
Audio/Video recording attached to Stimulus	N/A	Audio or video attachments recorded in Schoology do not transfer to a converted assessment at this time.
Questions and Answers	Prompts and Possible Answers	A question on a converted assessment has the same question response options, embedded images and rich text content as the source test/quiz question.
Filler Words	Possible Responses	Any filler words on the source test/quiz question are added to the list of possible responses on the converted assessment question.
Allow Partial Credit	Partial Match	A question on a converted assessment has the same partial credit setting as the source test/quiz question.
Subjective Question	N/A	Matching questions on assessments are always automatically graded. You can use an override to adjust a student's calculated score during grading.
Timed Question	N/A	Individual questions on a converted assessment are not timed, regardless of the setting of the source test/quiz question.
Points	Points	A question on a converted assessment has the same possible point value as the source test/quiz question.
Learning Objectives	Learning Objectives	A question on a converted assessment has the same aligned learning objectives as the source test/quiz question.

Ordering

Test/Quiz	Assessment	Notes
Question Stimulus	Question Stimulus	A question on a converted assessment has the same question stimulus, embedded images and rich text content as the source test/quiz question.
Audio/Video recording attached to Stimulus	N/A	Audio or video attachments recorded in Schoology do not transfer to a converted assessment at this time.

Points	Points	A question on a converted assessment has the same possible point value as the source test/quiz question.
Learning Objectives	Learning Objectives	A question on a converted assessment has the same aligned learning objectives as the source test/quiz question.

Fill in the Blank

Test/Quiz	Assessment	Notes
Question Stimulus	Question Stimulus	A question on a converted assessment has the same question stimulus, embedded images and rich text content as the source test/quiz question.
Audio/Video recording attached to Stimulus	N/A	Audio or video attachments recorded in Schoology do not transfer to a converted assessment at this time.
Blanks	Responses	The converted assessment question has the same blanks and correct responses as the source test/quiz.
Additional Correct Answers for Each Blank	Alternate Tabs in the Correct Answer Setup	<p>If the source test/quiz question has more than one correct response for a single blank, the converted assessment question has alternate tabs in the Correct Answer Setup area to represent each combination of correct answers.</p> <p>*Note: If the total number of possible correct answers for the question results in more than 32 possible variations of the correct answer, then the question does not appear on the converted assessment. For example, a question with 8 blanks with more than 4 possible correct answers per blank would not convert.</p>
Word Bank	Possible Responses	<p>If the source test/quiz question does not have a word bank, the question becomes a Fill in the Blank Text question on the converted assessment.</p> <p>If the source test/quiz question has a word bank with filler words, the question becomes a Fill in the Blank Drag and Drop question on the converted assessment. Any filler words in the word bank of the source test/quiz question are added to the list of possible responses on the converted assessment question.</p>
Allow Partial Credit	Partial Match	A question on a converted assessment has the same partial credit setting as the source test/quiz question.

Case Sensitive	Case Sensitive	If the source test/quiz question does not have a word bank, the question becomes a Fill in the Blank Text question on the converted assessment. The converted assessment question has the same setting for case sensitivity as the source test/quiz.
Timed Question	N/A	Individual questions on a converted assessment are not timed, regardless of the setting of the source test/quiz question.
Points	Points	A question on a converted assessment has the same possible point value as the source test/quiz question.
Learning Objectives	Learning Objectives	A question on a converted assessment has the same aligned learning objectives as the source test/quiz question.

Short Answer/Essay

Test/Quiz	Assessment	Notes
Question Stimulus	Question Stimulus	A question on a converted assessment has the same question stimulus, embedded images and rich text content as the source test/quiz question.
Audio/Video recording attached to Stimulus	N/A	Audio or video attachments recorded in Schoology do not transfer to a converted assessment at this time.
Character Limit	Maximum Length in Words	If the source test/quiz question has a set character limit, the maximum word length of the converted assessment question is the character limit divided by 5. If the source test/quiz does not have a set character limit, the maximum word length of the converted assessment question defaults to 10,000.
Character Limit	Allow Submissions Over Word Limit	If the source test/quiz question has a set character limit, the setting to “allow submissions over word limit” is enabled on the converted assessment question. If the source test/quiz question does not have a set character limit, the setting to “allow submissions over word limit” is not enabled on the converted assessment question.
Allow Rich Text Answers for Students	Text Formatting Options for Students	If this setting is enabled on the source test/quiz question, the converted assessment question has all available text formatting options enabled (bold, italic, underline, clear formatting, bullet list, number list, superscript, subscript). If this setting is not enabled on the source test/quiz question, the converted assessment question does not have any text formatting options enabled.
Allow Video or Audio Answers for Students	N/A	Students cannot submit audio/video responses to essay questions on assessments. The value of this setting on a source test/quiz question is not transferred to the converted assessment question.
Timed Question	N/A	Individual questions on a converted assessment are not timed, regardless of the setting of the source test/quiz question.

Printing	N/A	This setting is not supported on assessments. The value of this setting on a source test/quiz question is not transferred to the converted assessment question.
Points	Points	A question on a converted assessment has the same possible point value as the source test/quiz question.
Rubric	Rubric	A question on a converted assessment has the same rubric alignment as the source test/quiz question.
Display Rubric to Students	Show Rubric to Students	A question with an aligned rubric on a converted assessment has the same “display to students” setting as the source test/quiz question.
Learning Objectives	Learning Objectives	A question on a converted assessment has the same aligned learning objectives as the source test/quiz question.
